Muscle Habit Protocol

12-Hour Eating Window & Lifting Quickstart Guide

Based on the 2026 Frontiers in Nutrition meta-analysis framing.

Keep lifting. Protect muscle. Cut fat without extreme 16-hour fasting.

1. Train 2-4x/week with compounds first.
2. Eat in a sustainable ~12-hour window.
3. Prioritize protein across 3-4 meals.
4. Sleep and recovery beat heroic deficits.
